A Will is the best way to ensure your wishes are carried out after your death. It can be simple to complete and provides you with the peace of mind that your family and friends will know how to deal with your affairs. It is often a task we put off thinking about or acting upon, however once done it can provide you with confidence in the future and the certainty that your affairs are in order.

There are many further benefits of making a Will, these include:

- Ensures you have provided for your family and friends
- Identifies who will administer your estate
- Clear instructions on your personal affairs
- Reduces costs and delays for your family
- Prevents disputes beyond your control

A Will should be reviewed on a regular basis due to the changes in the law and tax regulations and when your circumstances change. Stamp Jackson & Procter's experienced legal team will keep you informed of any changes that affect you and your family ensuring your Will is up to date and reflects your wishes and situation.
